#### Audio script

So here we are at the campsite!

I want you to look at this map so everyone knows where everything is.

Now, see it says 'You are here'? That's where we are now at the information office, and the shop is next to us. The playground is opposite us.

And over there, on the left, between the shop and playground – that's the toilets and showers.

Between here and the woods you can see the camping area. We're going to put up our tents there.

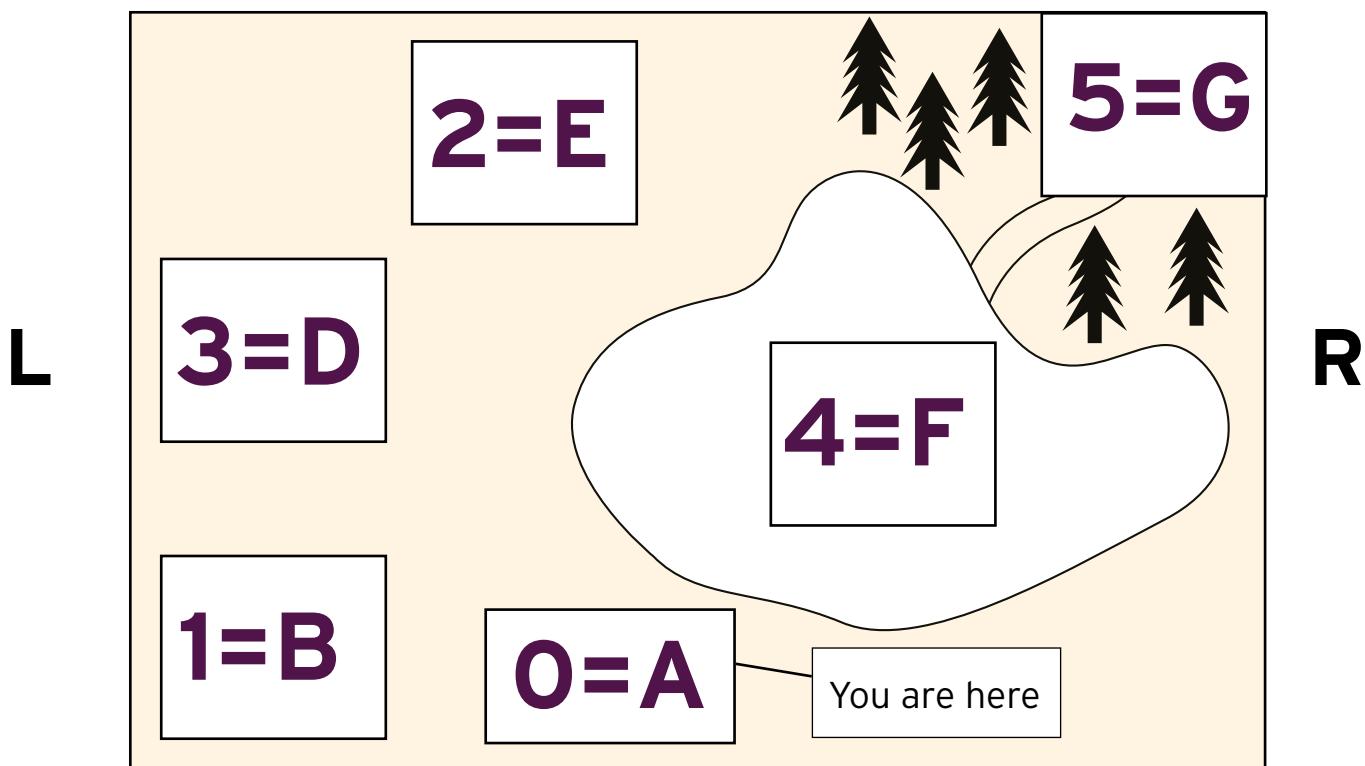

And can you see there's a footpath, it runs through the woods? That path leads to the beach.

Well, the adult birds are about twenty centimetres long. The adults have black bodies, but their legs are pink. And the young birds are brown.

Another thing about starlings is that their song is very loud. And it's interesting that the male birds sing more often than the females.
